Work Experience

2020-2022

Drafter/ Project Coordinator at Safety Network Inc

In Safety Network my duties included: meeting with contractors, determining the proper traffic control application, drafting traffic control plans that comply with MUTCD standards & submitting plans. My accounting duties were handling receipts & billing corrections within safety network in connection to the City of Fresno.

I also had Graphic Design projects which included: brochures, logo design, trifolds, business cards, name plates, flyers & banners.

2018-2020

Lead Graphic Designer at Beer Monuments

While working at Beer Monuments I have learned the program Composer, how to prepare for laser, & how to print on stencil. I have also improved my fluency in programs like Photoshop & Illustrator. I started out as a assistant graphic designer, within half a year I received a promotion to lead graphic designer. I assign projects, organize forms, communicate with clientele, order materials, & update the work email & website

2017-2018

Graphic Designer at USU Productions

As a graphic designer for USU Productions, I designed & promoted print & social media for events at Fresno state university. For each event I designed a poster, stickers, buttons, posts for facebook, instagram backgrounds, brochures, handouts, & banners.

2015-2018

Pet Specialist at Petshotel

Working in the Petshotel at Petsmart has shown me how to be fast in a professional environment while working with the public & behind the scenes with dogs in kennels. I have worked with a variety of dog & cats breeds. While with these animals, my experience in kennels has improved. I now know techniques that are needed when working with animals in a small environment.

2014

Barista at Starbucks

Starbucks has given me a new perspective of working in the food industry. It has taught me how to multitask while still being attentive to the customer base. Working there has giving me experience in preparing a multitude of coffee & tea beverages as well as hands on training in restocking & food preparation.
